

What's New?

(v 4.0)

November 2017

- EdInsight Roster Integration! Do you use EdInsight? If so, you can now link the two accounts and import your roster straight from EdInsight. Find it under your My Account page.
- We now have kindergarten math assessment items! Although we don't typically have kindergarteners use Kandoolu, we've heard that having these will be a huge help for 1st grade teachers.
